

Postage Stamps Depict Art In Its Many Forms

Postage stamps are appropriately known as “Miniature Works of Art,” and when they depict the great masterpieces, they are among the most popular issues among stamp collectors.

Illustrated here are a few examples of beautiful works of art that can be collected on stamps from around the world.

These examples are among the many Art Topicals that were issued by client nations of the Inter-Governmental Philatelic Corp. To view hundreds of other Art issues, please visit the IGPC website, www.igpc.com.

Edgar Degas masterpieces, from Antigua & Barbuda

Klimt's primary subject was the female body. In addition to his figurative works which include allegories and portraits, he also painted landscapes.

The Works of Gustav Klimt, from Grenada Carriacou & Petite Martinique

Norman Rockwell

1894-1978

The populist art of Norman Rockwell

PLAYBOY'S FIFTIETH ANNIVERSARY

Graced with an instantly recognizable logo and imagery that no man (and few women) can resist, each issue of *Playboy* commands attention the moment it hits newsstands and appears in subscribers' mailboxes. This series of stamps depicts six of the magazine's most famous covers. From the very first featuring the timeless beauty of Marilyn Monroe to the January 2004 edition with its striking golden anniversary logo.

And art of another sort—St. Vincent & The Grenadines depicts some of the more conservative Playboy Magazine covers
