Mint U.S. Se-Tenants Sale Below

What Are Se-Tenants?

From the French, meaning "joined together," se-tenant stamps are different designs printed from the same plate and joined together. In some cases the piece consists of four different separate designs, such as this first U.S. Se-tenant, the 1964 Christmas Issue, Scott #1254-57.

In other cases, the Se-tenants form an integrated design, such as this 1973 Boston Tea Party Issue, Sc. 1480-83.

Often blocks of four, some Se-tenant issues consist of a complete sheet of 50 different designs.

One attribute they share is that they are among the best modern U.S. designs and they can form a colorful collection all their own.
