

Mount Rainier National Park on United States Stamps

As seen on the National Parks stamp, first issued in 1934, then reissued as one of the Farley issues in 1935, here in a Cross-Gutter block. For more information on the Farley Issues, please go to <http://www.stampnewsnow.com/CollectTheFarleys.html>

As seen on the 1999 Washington Territory Centennial commemorative stamp and Postal Card, the latter as an Artcraft First Day Cover.
